

Creasing Machine

Creasing Machine

BW-M660

zero-gap perforating, slitting and creasing(M660B)

Automatic paper feeding(120~300gsm)

Regrouping of rolling knives at your will

Adjustable feeding pressure

Numerical control working speed,side guider positioning

Adjustable Perforating, slitting and creasing depth

Friction feeding

Numerical control creasing (M660T)

High precise slitting knives

Convenient machine drawer

No-swing rolling knives

Convenient flip safety cover

BW-12

Hardcover Making Machine

BW-HCMM1

Model	BW-HCMM1
Max cover size	900X500mm
Cover thickness	0.5-6mm
Spine thickness	0-60mm
Groove width	6-8mm
Positioning mode	Central light

BW-HCMM2

Model	BW-HCMM2
Thickness of cardboard	0.5-6 mm
Operating platform size	950×530mm
Cardboard thickness	0.5-6mm
Max book cover size	A3 format
Positioning mode	Central positioning
